

MARCONI WIRELESS SCANDAL GETS NEW AIRING IN LONDON

Suit for Accounting of Stock
and a Libel Action Again
Bring Notables to Court.

LONDON, May 27.—Another sensational chapter, connected with the wireless contract between the Marconi Company and the British Government was opened to-day. Godfrey Locker-Lampson, Unionist Member of Parliament for Salisbury, and Peter Wright, both shareholders in the English Marconi Company, issued a writ against Godfrey Isaac, managing director of the Marconi Company. Harry Isaac and the directors and brokers of the company, demanding an account of the 50,000 shares of the American Marconi Company which Godfrey Isaac had placed in England and part of which the Rufus Isaacs, the Attorney-General, and David Lloyd-George, Chancellor of the Exchequer, acquired before the public was let in to the deal.

The notation of the shares was made just after the Titanic disaster last year and resulted in one of the greatest scandals that has ever occurred in the history of the London Stock Exchange.

It is understood that the plaintiffs allege that the shares really belong to the English Marconi Company.

The Central Criminal Court was opened with distinguished persons of the judicial and literary world to-day when the trial for criminal libel began of David Chesterton, a brother of G. K. Chesterton, the author, and one of London's picturesque personalities.

The prosecution arose out of articles written by the accused, who is editor of the "Spectator," in which he charged Godfrey Isaac, managing director of the Marconi Company, with corruption in connection with the British Government's wireless contract.

The whole Marconi affair, which is now one of the foremost issues in British politics, is likely to be reviewed in the course of the trial.

Among the witnesses called are Sir Rufus Isaacs, Attorney-General and David Lloyd-George, Chancellor of the Exchequer. Sir Edward Carson, a militant Irish Unionist leader and former Solicitor-General for Ireland, is the prosecuting attorney.

CHILDREN HATE CASTOR OIL, UGH!

Delicious "Syrup of Figs"
best for their little stomachs,
liver and waste-clogged bowels.

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them!

With our children it's different. The day of harsh physic is over. We don't force the liver and 50 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold; has diarrhoea, sore throat, stomach-ache, doesn't eat or rest well—remember—look at the tongue; if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of lucious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without gripping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. Accept nothing else.

You Can Identify These Hats By Their Famous Label! Tailored Panama Hats, \$3.50 and \$5

Regularly \$6 to \$10 and More

If your memory serves you well, you will probably recollect that at this time each Spring we have had a sale of Hats from one of the best known American hatters—just as we shall have tomorrow. But on this occasion, it is impossible for us to mention the name, because milliners throughout the country wanted Mr. — to grant them the same privilege, or they threatened to boycott him. Of course such a distribution was absurd even to think about, as he had only the surplus hats that he commissioned us to sell.

However, We Have These Famous Hats With the Name in Every One of Them

They are of fine selected Panama, trimmed in smart tailored styles, with scarfs, bands, wings, velvet ribbons, embroideries, molifs and various appliques.

As the number is limited, and as there are not two hats alike, it will be advisable to come early. Third Floor
